

ing The Comfort Of So
SOFALAND

long term, it will do harm to your lumbar
However, this population of digital mobile device and the various lifestyle of modern society brings the need to keep your body comfort after long hours sitting and lying

Sofaland sets up a new brand "8 hours" series: basing on the "proactive support" philosophy, with the scientific study for human sitting posture. Designed with the supporting point in critical curve, using the top quality filling technology, which provides the constant comfort for your sitting and lying, creating a enjoyable and leisure world for you.
