Day Spring Biotech originally specialized in refining and processing natural essential oils, mainly menthol, peppermint oil, citronella oil, camphor oil, etc. Since 1983 we have started producing natural gardenia yellow for export. In 2010 we successfully developed gardenia blue that involved 10-plus years of effort. Currently we offer natural, multi-color food coloring.

Gardenia Yellow

Natural Peppermint Essential Oil (Roll On Bottle)

Jupiter Essential Oil Series / 4-in-1 Gift Box
