Set up in January 1999, Focus CNC Co., Ltd. in Daya, Taichung, in central Taiwan, is a specialist designer and maker of machine tools as CNC slant-back lathes. Prioritizing upgrading personnel, focusing on precision, know-how and staff since establishment, we've recruited machine tool experts in Taiwan to produce top-grade products, creating a new era for exacting machine tools.

Main Products/Service:

CNC Lathes, CNC Turning and Milling Centers
