<http://m.cens.com/s/sunhotauto>

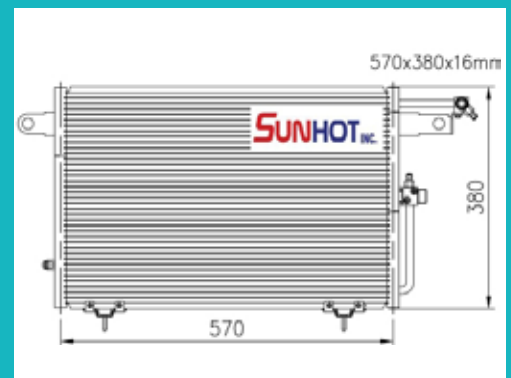

Founded in 1987, we have expertise in and supply automotive air-conditioning parts to AM markets, including Taiwan, North America, Europe, Japan, Australia, the Middle East, Russia etc. Partnering with Taiwan Calsonic has enabled us to become a successful OEM to offer wide-ranging, OE-quality services and products. In 2005, we invested US\$10 million in building a 66,000 sq.m. factory (including 10,000 sq.m. building) as subsidiary in Wuhu County, Anhui Province, China.
