*Founded in 1960 as a maker of jewelry boxes and wooden clocks, we've recently diversified into making K/D, panel furniture as coffee tables, racks, PC desks, storages and cabinets, whose design, development of uni-block shaping, packaging and delivery are done in-house. Known for professionalism and quality, we always strive to exceed customers' expectations by supplying durable, stylish and practical products that suit any space. Our products are easy to assemble and disassemble to meet the needs of busy people all over; while we are sought-after as exporter in Europe, the USA and China for consistently high quality.*
