<http://m.cens.com/s/chi-hsing>

Founded in 1978, we are professional manufacturer of magnesium alloy, zinc alloy die-casting products, and metal products with other material.

Our line of die-casting machines includes 60-ton to powerful 500-ton models, so we can fill your orders for heavy parts (up to 10 kgs) as well as lightweight hardware (0.01kg).
