<http://m.cens.com/s/chizcrown>

Originally a maker of sewing machines who also designed, developed power strips for local plants, Chiz Crown now focuses on designing and making power strips and extension cords due to shrinking demand for sewing machines. Safety and practicality-oriented, we strictly control materials and product design, handling in-house design, mold development, prototyping, finishing, volume production and packaging to ensure QC, lowered production cost, and punctual delivery.

Household power strip (1-switch, 2-socket, 6ft)

PC extension cord (3-switch, 3-socket, 4ft)

6-switch 6-socket PC USB extension cord (4ft)
