<http://m.cens.com/s/weifun-cnc>

As a mold developer and processing service provider with a 28,800-sq. ft. factory, we adopt CNC wire-cutter, CNC 2D/3D milling machine and lathe, and CNC drill and laser engraver to stamp, forge and process molds and parts. To meet customers' requirements, we not only employ advanced machinery, but also a 10-member R&D team offering consultation and professional help.
