*Founded in 1987, Chiang Tien makes automotive and PTW parts, accessories, and hardware using Japanese CNC lathes and Swiss-type multi-functional machine tools. In recent years, we've also launched fine-misting nozzles, parts and joints while also machining bars in stainless steel (#303, 304, 316), brass, iron, aluminum etc. in 2mm-40mm diameter.*

Parts for fine-misting nozzle

Quick-release T-joint for fine-misting nozzle

Single-hole joint for fine-misting nozzle
