Though only established in 2003, Prodigy is in fact the culmination of specialized expertise and 30-plus years of experience and an R&D team, all of whom have been dedicated to performance motorcycle parts and accessories since 1972.

Backed by strong R&D, we supply top-quality performance-enhancing engine power kits, exhaust pipes as well as suspension, power transmission and brake parts for motorcycles and ATVs. Our stringent QC and complete after-sales service have helped to bring in substantial orders.
