<http://m.cens.com/s/84685441>

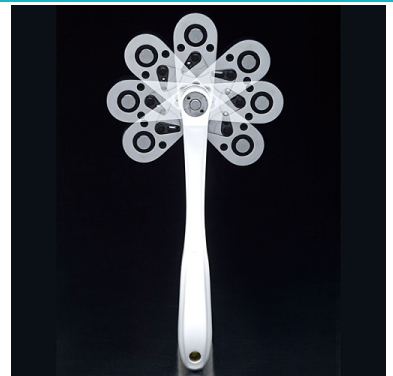

Set up in 1994, John Metal Tools Industrial Ltd. mainly makes hand tools, and is a seasoned OEM of high-grade H handles who also accepts counter-production. In recent years we've been focusing on R&D and upgrading product quality, engaging in higher-level processing and in-house specification control, hence turning out items that are VPA and B ...
