<http://m.cens.com/s/kamigawa>

*Kamigawa is one of the same trades well-known in bicycle pedal manufacturing industries since a long. Our trend setting products ranging from BMX, MTB, Road Racing, Trekking and exercise.*

*The production line is quite completely. In these years the product line through the tradition to fight in one place after another the highgrade CNC product, quite receiving the high praise in the market, we also established second brand Z PLUS in 2009, makes the tradition and the high grade product a market area to separate in sells.*
