

# Breakthrough in Shower Technology

The one with vacuum breaker  
Vs. one without

--Output jet of varying force achieved with uniform-force input

Shower head

## Innovative vacuum breaker for improved water-saving

Founded in 1977 as the first in Taiwan to make showerheads, Sunrise has cutting-edge know-how to turn out globally popular products.

### Patented vacuum breaker

- Showerhead-integrated device to boost water force under low flow to save water
- Enhances Lenard/waterfall effect for anions, detoxifying O<sub>2</sub>-based free radicals to refresh air in bathroom

**Cost of vacuum breaker will soon be recouped by saving on water bill!**
