<http://m.cens.com/s/hsinsheng>

Founded in 1994, we have more than two decades of experience in stainless-steel buckets and offering profile forming and seamless welding services. We adhere to stringent QC, deliver on-time and offer high-quality products as long-term goals.

Currently, we focus on thin-sheet-metal forming and asymmetrical shaping (capacity: 0.3-0.6mm thickness). We are the most trustworthy metalworking partner. Talk to us about product development or send samples.
