Argox is a leader in the world-wide barcode industry. A one-stop supplier with a complete line of bar code equipment and peripherals, Argox offers own-brand products, and channel service and support in over 70 countries. Our strength in this segment comes from our close association with the PC-based manufacturing cluster that has developed in Taiwan over the past 30 years. Nowhere else will you find such an ideal combination of competitive cost, cutting-edge technology, and application know-how.
