

**产品特点及用途:**  
FEATURES & USING

圆二线炫彩灯有小二线、大二线两种，由于小二线直径只有10mm，容易弯曲，是制作灯画以及大型图案产品的最佳之选。

大二线直径为13mm，广泛应用于勾勒各种建筑物的轮廓，大型灯饰图案，各种室内、外装修，公园、小区的环境美化，商场门面装饰，广告牌、的士高舞厅、KTV包厢、舞台、影视背景制作等。配控制器可产生闪动、调光等效果。

New Type Round two wire rope light, There are two types: Small round two rope, and big round two rope. As for the diameter of small ones is only 10mm, Very easy to twist, which is the best choose for light pointing and other big pictures. The Dimension for the other one is 13mm, Can be widely used for decorating all kinds of outline design. Large pictures, various kinds of indoor or outdoor design. Park, Very easy to make the living area more and more beautiful. Also suitable for the shop front, advertising, disco, KTV, dancing, the background for the movies etc. With our controller, The effects Such as flicking, dimming etc will make you deep impressed.
