Sunteko is established in 1988. In the year of 2013, we issued the new treadmill with Wayflex System. New Wayflex system combines Foot Massage and Foot Vibration features. Lab testing report shows it can reduce impact up to 43%. New patent has applied in over 60 worldwide countries. Our goal is to promote the treadmill into another fitness level, and to help people to achieve good health. With minimum effort, to gain a maximum result.
