*Founded in 1990, we specialize in rivets and rivet nuts, with volume produced totaling 5 million pieces annually initially having risen to 200 million pieces currently. In 2007, we introduced the ISO 9001 system and became ISO TS 16949-certified in October 2011. With a strong R&D team, we can consistently develop new products while prioritizing product quality and precision. We welcome global buyers to inquire about customized rivet nuts and rivets!*
