

Getting it over and done!

REVOLUTION -New Technology
100% AUSTENITIC STAINLESS 300 SERIES
 Characteristic : 100% Austenitic 300 series, high torque and strength, no heat-treatment, non-magnation, meet ACQ or ReHS compliant, no hydrogen embrittlement, excellent corrosion resistance, competitive pricing.
 Applications : Natural and industrial wood-based materials, carpentry and furniture installation, indoor or outdoor in the humidity free from corrosion.

(Outdoor-Roofing) (Interior-Wall-Angle (T-Bar))

Old-Rusty **New-Clean**

DECK SCREW
sharp point FOR HARD WOOD without pre-hole

The Advantages of TRUE-STAIN:

1. NO CARBURIZATION
2. NO NEED PRE-DRILLING HOLE
3. HIGH TENSILE / HIGH TORQUE / HIGH SECURITY
4. HIGH ANTI-CORROSION
5. NON MAGNETISM
6. NO EMBRITTEMENT
7. ACQ TREATED-WOOD COMPLIANCE
