

PNEUMATIC ADAPTER

You can accommodate additional core diameters at a fraction of the cost by use pneumatic adapter. It is easier changeover and less downtime mean greater productivity at a very low cost. 5", 6" and 12" adapter can apply to 3" main shaft. With installing adapters, only 3" shaft can cover 5", 6" and 12" shaft.

NEC-022

Pneumatic Adapter
Available size :
6" x 200mm
6" x 300mm

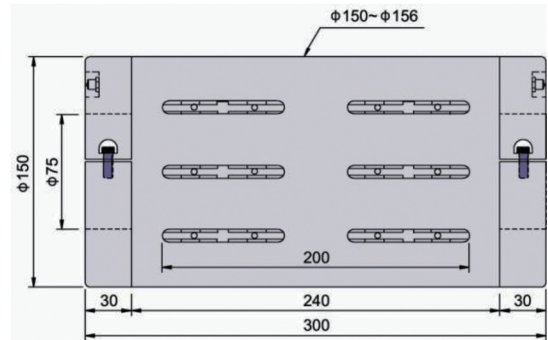

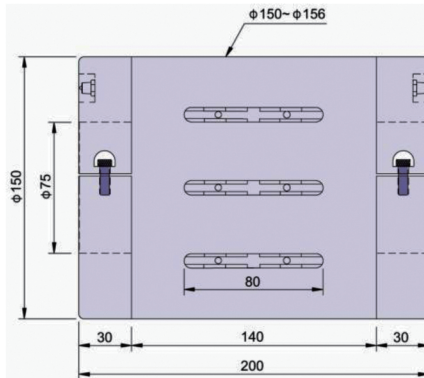

NED-022

Pneumatic Adapter
6" x 200mm
